

One Call

For all your home needs

When it is time to make some changes to the feel and function of your home, we would enjoy working with you. There is nothing more satisfying to us than to make the improvements a customer desires become a reality.

We are available to give you dependable service for repairs, remodeling, small projects, and accessibility modifications on your home. We are here to make it easy for you to schedule your project and get the work done. You will find us reliable to keep our appointments and to schedule your work in a timely fashion.

Remodeling

We offer complete home renovations. Whether it is a kitchen, bath, master bedroom suite, In-Law suite, basement, porch, or deck; we understand that in order for a home renovation project to be successful we must listen to what you want and help guide you toward bringing your vision to reality.

While we do any type of renovation, we do specialize in kitchen and bath remodels.

The kitchen is the most used room in the home, but in too many cases poor layout and outdated styles make it both inefficient and unattractive. Today's kitchen is the heart of the home. It is the place where cooking, eating, family communicating, and socializing happen.

Renovations of a dated bathroom can transform your old bathroom into a luxury bathroom. Whether traditional or contemporary, a cosmetic or total remodel, we will build you a beautiful and functional bathroom.

Accessibility Modifications

Traditional home remodelers do not consider the needs of those who are seniors or disabled, and that can make life in your home really hard at times. We understand these difficulties, and we want to help you make your life a little easier and more productive. That is why we offer accessibility modifications for seniors and those with physical challenges.

We have the solutions to your home accessibility needs and modifications to enhance and improve the safety and accessibility in your home. We understand that physical changes often call for specialty products and services. We are here to help create solutions to challenges you may be facing.

Here are a few ideas:

- | | |
|--------------|------------------------|
| Grab Bars | SuperPole |
| Ramps | Safe Entry into garage |
| Keypad Entry | Wheelchair Accessible |
| Tub Cut Out | Much More! |

Repairs

No job is too small!!

- Much More!

Home Maintenance Program

We have developed a maintenance plan for residential homes where we check for visible issues from roof to ground, both interior and exterior. We will inspect your home and create a report on the general condition of your home. In addition, if your home is in need of repairs, we will provide recommendations and estimates as needed.

How may we help you?

One Call

For all your home needs

We are pleased with our newly renovated kitchen and dining area. We feel fortunate that you were our contractor. From your first visit when you overviewed our plans and began preparing an estimate to your last visit when you accepted our thanks and shared our pleasure in the result, you were professional, attentive to our questions, and wise in the advice that you offered.

We want you to know that we will enthusiastically recommend you to anyone who is thinking of renovating their home. We are grateful to have our new space and happy that you were such a skilled and friendly guide in making it happen. PG - Athens, GA
